HAND/OUR KIDS PROGRAM S.E.C ADA MARTINEZ

- ❖ What is the HAND Program?
- ❖ How is the process of application?

HAND Program has been working with the community since 2009 providing short term rental assistance for clients that are currently homeless or in risk of becoming homeless in Miami Dade County.

HAND offers rental assistance, moving, storage and deposit for utilities. Bills must be presented with the rental assistance application. Restrictions may apply.

Clients must complete an application to determine eligibility criteria for Rapid Rehousing or Homeless Prevention assistance and provide documentation such as: Proof of income, ID and Social Security Card and proof of current living situation and hardship.

Once we determine client fits the program criteria and meets all the eligibility requirements we provide them with a landlord package to start looking for a unit that not only is affordable but reasonably priced based on the Fair Market Rent Values.

After client identifies a unit program performs a Rent Survey and a Habitability inspection and if both pass and no documentation is pending case is approved.

An Approval form is issued signed by the SEC assigned and the Program Administrator and given to client to sign and collect landlord's signature. It would include the type of assistance client is receiving, the amount that is paid and if client is eligible for reassessment at the 3rd month.

Once approval is returned signed by all parties case is transfer to accounting in order to proceed with payments.
