Re: Holiday Schedule

Dear Colleagues,

The holiday season is fast approaching. During this festive season, it is the time for families, friends, and neighbors to gather together. The month of December is our slowest month of the year. For the past few years, the medical industry and most recently, community health care centers, have been closing and/or limiting operations, during the Holiday Season.

This year, both Christmas Eve and New Year's Eve (12/24 & 12/31), fall on a Saturday and Borinquen will observe these days off, on Friday, 12/23 and Friday, 12/30.

Christmas and New Year's Day (12/25 & 1/1), fall on a Sunday; Borinquen will observe these days off on Monday, 12/26 and Monday, 1/2.

Tuesday, December 27 through Thursday, December 29, 2016, Borinquen will have LIMITED clinical coverage.

Please note: Borinquen will have a clinical skeletal team that will be operational, during December 27, 28 and 29 to provide the needed access to our patients.
