

HEALTHHIV'S ANNUAL STATE OF ASO/CBO NATIONAL SURVEY

Launch of ASO/CBO Survey and Directory

HealthHIV is launching the [State of AIDS Service Organizations and Community-Based Organizations \(ASO/CBO\) National Survey](#). The survey is intended to provide insight on how ASOs and CBOs are responding to the current health care landscape, including:

- Workforce Development;
- Service and Program Coordination;
- Fiscal Sustainability;
- Strategic Partnership Expansion;
- Leadership Advancement;
- Strategic Planning;
- Integration and Alignment; and
- Training and Technical Assistance Needs.

In conjunction with the National Survey, HealthHIV is creating an online [National ASO/CBO Directory 2017-18](#). This comprehensive Directory will help agencies that provide HIV, HCV, and LGBT health services to initiate partnerships and streamline service delivery.

The survey should take no more than 10 minutes to complete.

[Click the images below to participate:](#)

How Will the Survey Data Be Used?

Data gleaned from the National Survey will:

- Facilitate the creation of sound policies, educational resources, and capacity building assistance programs geared to support ASOs and CBOs;
- Establish a training and technical assistance blueprint for policymakers, national agencies, and State and Federal agencies working with ASOs and CBOs;
- Provide a better understanding of the infrastructure and sustainability strategies of ASOs and CBOs;
- Create a networking architecture to facilitate the sharing of resources among ASOs and CBOs;
- Map service availability in jurisdictions; and
- Provide insight into the health of ASOs and CBOs in the changing healthcare landscape.

Will My Responses Be Confidential?

Only the information provided for the Directory will be made available to the public. Data collected through the National Survey will remain strictly confidential; all survey data will be deidentified and reported only in aggregate.

Who Should Participate in the ASO/CBO Directory and National Survey?

All providers and staff working at ASOs and CBOs delivering HIV, HCV, and LGBT care are invited to participate in this survey. ASO/CBO leadership and senior managers are strongly encouraged to participate.

Participants will be provided access to the ASO/CBO Directory and the National Survey results.

Please share this e-mail with other ASOs and CBOs that work in HIV, HCV and LGBT health.

Why Should I Participate in the National ASO/CBO Directory 2017-18?

The National ASO/CBO Directory 2017-18 offers organizations an opportunity to be part of a comprehensive, updated, national resource created *by* and *for* the community without commercial influence. The Directory will assist ASOs and CBOs in identifying aligned organizations and relevant resources.

Whom Do I Contact for More Information?

For more information, contact Marcus Stanley, Capacity Building Manager, at marcus@healthhiv.org or 202-507-4726, or visit HealthHIV.org.
