

## **BUILDING A BETTER HOME TO FURTHER SERVE OUR COMMUNITY**

**MIAMI, FL. (February 2017)** In the spring, Care Resource is enhancing their 3510 Biscayne Boulevard location to better serve the Miami Dade community. As such, Care Resource is making significant improvements to their building to accommodate state-of-the-art facilities that will allow the health center additional capacity to fulfill the growing needs of the community and expand all of their services.

Some programs and services will temporarily relocate from the 3510 Biscayne Boulevard building to the second-floor of the Medical Plaza located at 3801 Biscayne Boulevard. Care Resource's Medical, Behavioral Health, Case Management and Health Promotion departments are relocating to this temporary location. In addition, the on-site Walgreens Specialty Pharmacy currently situated on the 2nd floor of Care Resource's 3510 Biscayne Boulevard location is also relocating. Services including the Food-for-Life Network Food Bank, Dental Services and all administrative departments will remain at 3510.

According to Care Resource Chief Executive Officer Rick Siclari, M.B.A., "We are embarking on a very exciting journey committed to continuing our mission and expanding our work by building state-of-the-art facilities that will enable us to enrich our services and better accommodate our growth to provide the best care our patients and the Miami Dade community deserve and need. We thank everyone in advance for their help and understanding during this process."

### **About Care Resource**

Care Resource is a 501(c) (3) nonprofit organization and a Federally Qualified Health Center (FQHC) with locations in Miami-Dade and Broward counties. Care Resource provides comprehensive primary medical and preventive care, including pediatric care, family care, dental care, in-house pharmacy services and behavioral health/substance abuse services to all individuals in South Florida's diverse communities.
