New Guidelines for Successful Transition From Jail and Prison

SAMHSA has released a new implementation guide, [Successful Transition of People With Mental or Substance Use Disorders From Jail and Prison](#).

This resource provides behavioral health, correctional, and community stakeholders with 10 guidelines to effectively transition people with mental or substance use disorders from institutional correctional settings into the community, as well as examples of local implementation of successful strategies for managing this transition.

[View the New Guide](#)

On April 20, 2017, at 2 p.m. Eastern Time, SAMHSA will host a webinar on the key elements of the guide. The webinar will also provide examples of successful implementation of the guidelines in local jails.

New Grant Opportunity

[Up to \\$110 Million in Grants for Primary and Behavioral Health Care Integration](#)

SAMHSA is accepting applications for Promoting Integration of Primary and Behavioral Health Care grants totaling up to \$110 million over 5 years. This program aims to promote full integration and collaboration in clinical practice between primary and behavioral health care. The grants will also help promote services related to screening, diagnosis, prevention, and treatment of mental and substance use disorders as well as related physical conditions and chronic diseases.
