### **Ending the AIDS Epidemic in NYS: From Blueprint to Action**

**Marcia Kindlon FNP, MSN, MPA**

Director, Clinical Programs  
NYS Department of Health AIDS Institute  
Albany, NY

**Learning objectives:**

- Describe the steps New York State (NYS) has taken to accomplish the end of the AIDS epidemic in NYS.
- Discuss how recent changes to Public Health Law have moved NYS closer to achieving the goals set forth in the Governor's plan to end the epidemic by the end of 2020.
- Describe how the NYS Department of Health's AIDS Institute is working to increase access to Pre-exposure Prophylaxis (PrEP) for all persons who engage in high-risk behaviors.
- Discuss how preventing new HIV transmission with antiretroviral medication has become key to ending the epidemic.

**There will be a break from 9:45 - 10:00 a.m.**

**10:00 - 11:15 am.**  
Q & A 11:15 - 11:30

### **HIV and Hepatitis C Co-infection**

**Ayse Aytaman, MD, AGAF, FACP**

Chief of Gastroenterology and Hepatology  
VA New York Harbor HCS Brooklyn

Brooklyn, NY

**Learning objectives:**

- Summarize the goals of medication therapy for patients with HIV/hepatitis C co-infection.
- Discuss treatment strategies for patients with HIV/hepatitis C co-infection.
- Apply presented strategies for treatment to case presentations.
