

The Primary Care Development Corporation invites you to attend our new webinar:

## Paying for HIV Prevention: Opportunities for Reimbursement & Sustainable Payer Sources

PCDC is pleased to partner with the National Alliance of State and Territorial AIDS Directors (NASTAD) to present a new webinar that explores billing and coding opportunities for PrEP, HIV screening, and linkage to care. In a rapidly changing HIV prevention funding landscape, knowing your billing and third-party reimbursement strategy is crucial to your sustainability.

Based on NASTAD's Billing Coding Guide for HIV Prevention, a resource that gives valuable guidance on reimbursement and payer sources, this webinar will provide an overview of the guide and include specific information such as procedure and diagnosis codes that are accepted by public and private insurance as well as requirements for some Current Procedural Terminology (CPT®) billing codes. The webinar will also include a discussion of common challenges in obtaining reimbursement for HIV prevention services, such as testing, counseling, linkage to care, and adherence services.

This presentation, intended for health care organization and health department audiences, will provide participants with:

### About HIP in Health Care

PCDC's [HIP in Health Care](#) program is funded by the U.S. Centers for Disease Control and Prevention (CDC) to build the capacity of health care organizations to deliver HIV prevention services and strategies within clinical settings. HIP in Health Care provides training and technical assistance at no cost to health care organizations (i.e., direct service providers) across the United States and its affiliated territories.

### HIP in Healthcare Webinar Series

PCDC's HIP in Health Care program delivers national webinars throughout the year on key HIV prevention topics. These are free to join and include time for questions and answers with national subject matter experts. Our upcoming webinars in 2017 will also provide CEUs and CMEs for clinical staff. For more information, or to view past webinars, visit our [website](#).

### Connect With Us!

- ? Increased awareness of the impact of the Affordable Care Act and health system transformation on HIV prevention reimbursement
- ? Increased understanding of NASTAD's Coding Billing Guide and how to use it
- ? Increased understanding of how to assess your state's coverage landscape
