

HIV Prevention: Tips and Tools for Sustainable FC2 Female Condom Programming Webinar

Join us on December 1, 2016 at 9:00 AM CST!

In light of World AIDS Day, December 1st 2016, Female Health Company is organizing a special edition webinar: 'HIV prevention: Tips and tools for sustainable FC2 female condom programming'. This will be the official launch of our Digital Education series. You are cordially invited to attend and participate.

[Register Now!](#)

With this webinar FHC aims to increase awareness for barrier methods in HIV prevention. Both FHC and a range of guest speakers from different professions and parts of the world will share best practices in female condom programming. This webinar will also be the official launch of our Digital Education series – the digital version of the sexual and reproductive health and rights training programs FHC runs around the world.
