VII. Reports

▪ *Ryan White Program Update*

Carla Valle-Schwenk

Carla Valle-Schwenk referenced the Part A/MAI expenditure report as of 10/30/2017 (copy on file). Under Part A, 55.49% has been expended in direct services. Under MAI, 56.86% has been spent. There are several reimbursement requests that are in process.

The grant application is due November 13.

The ACA plans have been release and the Department of Health (DOH) Part B program has done an analysis of the most beneficial plans for clients. There are twenty eight plans (silver and gold) plans available under ADAP which do not have a premium cap. The Part A program has a cap on premiums of \$1,000. Enrollment into plans for next year began November 1st.

The County is working with DOH on a data sharing agreement to have ADAP staff access information for insured clients.

▪ *Discussion of PAC Waiver Changes*

All

Mrs. Meizoso reviewed the documents in the meeting packet (copies on file). A copy of the AHCA Florida Medicaid's PAC Waiver Changes page summarized changes and webinar dates until the end of the year. Additionally, copies of the August and October webinar were included. A snapshot of the Medical Managed Medical Assistance program and Medical Long-Term Care program were included. The committee discussed changes to the PAC Waiver program. Rumors have been spreading that services are endings, these claims are false. Services will continue under a special waiver. Case management will be done by the managed care entities. Plans of cares created by case managers will be picked up and forwarded to the managed care agency. There is currently a cone of silence since AHCA is undergoing a procurement process for its managed care. While the expected deadline to transmission clients to either a long term care or managed care plan is January 1st this may change depending on meeting deadlines. Clients will be assigned a new case manager. Clients should share their opinion on these changes with AHCA. Provider

agencies can't transfer clients to Ryan White since Ryan White is payor of last resort and clients must access PAC Waive Case Management if offered.
