

# Women's STUDY

## What are we trying to find out?

What do most women know about preventing HIV and the medications available to help them do so? What might help women to consider this medication ?

- What is PrEP?
- How does it work?
- Tell us your opinions!
- Give us your suggestions!

## Who can participate?

If you are: 18 years or older

- ♦ Able to provide informed consent

## What you need to do to be in the study?

You will be asked to complete

- ♦ A questionnaire that takes about an hour

## And Includes:

One-to-one private interview about sensitive areas of your life such as sexual activity, depression, alcohol & drug use, & possible trauma

## Compensation

- ♦ You will be paid \$25 for participating in the study!

## How can I participate?
