

Field Interviewer

Job Description

Clinical field interviewers are needed for the **Women's Centered Care survey**. We are seeking candidates who are able to speak and read both English and Spanish.

The project will run for approximately three months from August 2019 to October 2019

Key Responsibilities and Qualifications:

- Interested persons must be able to work during regular business hours. Scheduled work hours will vary according to interviewer availability and specific language needs at each agency.
- Interested persons **must** be bilingual in English/Spanish.
- Strong speaking, reading, and writing skills in both languages preferred but not required.
- Have reliable transportation and a willingness to drive to Program agencies throughout Miami-Dade County.
- Bachelors and/or Master degree preferred.
- Experience in Public Health (Epidemiology, Biostatistics, etc.), Social Work, Nursing, or Psychology preferred.
