YOUR CONTRIBUTION TO OUR SUCCESS!

True to AHF's Mission Statement, our mental health providers strive to contribute state-of-the-art and best-in-class services to our diverse patient population.

As a member of our mental health team, we would encourage you to unleash your creative talents, skills, and expertise to fulfill our mission of providing patient centered mental health care. To us, this simply means delivering individualized and customized treatment interventions that are evidenced-based and continually innovative in nature.

We are enthusiastic about our multidisciplinary treatment team approach that draws on the expertise of stellar and seasoned psychiatrists, psychiatric nurse practitioners, Licensed Clinical Social Workers, and Licensed Professional Clinical Counselors. Our dedicated mental health team

clearly understands that our continued success in treating our patient population must address the patient's comprehensive mental health needs and the most important patient we will ever see is the one sitting in front of us. We are unapologetically passionate about our goal to help improve the quality of life for our patients.

Your contributions to our success require you to be valued as a leader in your field of expertise and as an expert in HIV related mental health related issues. As a valued mental health leader and through your contributions, you would find meaningfulness and purposefulness by also adding value to our Mission, staff, and patients. The Mental Health Provider is considered an expert at providing short-term therapy for individuals, couples, families and/or groups of clients. Drawing upon your experience and skills, you would be essential in performing mental health triage/ referral/ coordination to clients, including directing clients to the appropriate level of mental health care: including medication management, neuropsychological testing, day treatment programs, substance abuse services and inpatient hospitalization.

The Mental Health Provider collaborates with the client's Primary Care Provider on a regular basis. Your feedback at multidisciplinary treatment team meetings would be highly respected. In addition, you would thrive as a mental health consultant on HIV issues to our clients and their families, to the general public, as well as to governmental regulatory agencies.

We at AIDS Healthcare Foundation believe that each individual is entitled to equal employment opportunities without regard to race, color, creed, gender, sexual orientation, gender identity, marital status, national origin, age, veteran status or disability. The right of equal employment opportunity extends to recruiting, hiring selection, transfer, promotion, training and all other conditions of employment.
