 SOUL Sisters Leadership Collective

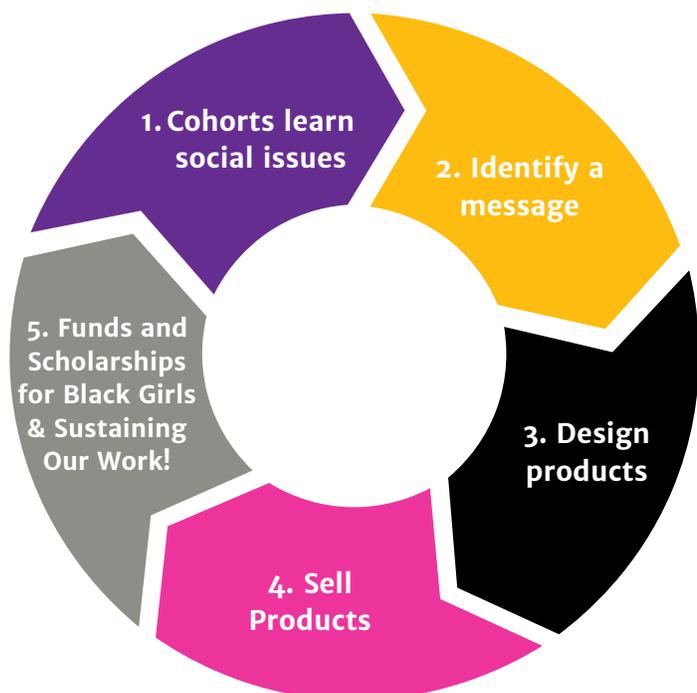

SSLC MISSION:

Our mission is to mobilize systems-involved girls, femmes, and TGNC youth of color – Black, Brown, and Indigenous – to interrupt cycles of state violence, poverty, and oppression. Our four pillars are leadership, healing, social justice, and the arts.

FASHION FOR SOCIAL CHANGE OVERVIEW:

Our Fashion for Social Change program facilitates the development of professionalism and entrepreneurship skills in girls and non-binary youth of color to create socially conscious products. These cohorts learn about social issues, identify a message, and design products that raise awareness. Formerly incarcerated women and/or people of color entrepreneurs provide mentorship and production support. Previous youth-designed products include: handbags, greeting cards, and clothing.

HOW IT WORKS:

"It is our duty to fight for our freedom." - Assata Shakur
