

PROJECT D.A.I.L.Y.

LATINO MALES NEEDED FOR DAILY SURVEYS

We are conducting a research study to examine how daily experiences affect people's ability to take HIV medication as prescribed. We are looking for people to take daily surveys about their experiences taking HIV medication.

You can participate if you are:

Hispanic/Latino

Male

Aged 18 to 34

Diagnosis of HIV

Currently taking HIV Medication

What will you have to do: Participate in confidential daily surveys about your experiences living with HIV along with the use of a daily pillbox.

How: Electronically.

Duration: 4 weeks.

Compensation: Up to \$250.00 via mobile payment service.

For more information or to enroll in this research study email cibarra@fiu.edu or call [\(305\) 348-9901](tel:3053489901). You can also contact your case manager for information about the study.
