

GRANT-WRITING WORKSHOPS

Learn how to write and secure grants like a pro. Gain an edge with NSU's \$99-per-workshop special.

EXPERT-LED | HANDS-ON | TEMPLATES AND TOOLS

Introduction to Grant Writing

FEBRUARY 3 | NOON-2:00 P.M.

- Understand common pitfalls for first-time and experienced grant writers.
- Discover tips for making your proposal stand out.
- Learn how to tell a compelling story in your grant.
- Create a detailed time line for your proposal-writing journey.

Funding Search Strategies

FEBRUARY 10 | NOON-2:00 P.M.

- Learn the many ways funders refer to (and advertise) grant opportunities.
- Understand the difference between public and private funders and receive advice for applying to each.
- Connect with free (and available) funding search tools.
- Discover how to familiarize yourself with funders and their priorities.
- Consider ways to find collaborators to strengthen your proposal.

Understanding Grant Opportunities (i.e., RFPs)

FEBRUARY 17 | NOON-2:00 P.M.

- Learn how to examine funding opportunities for project “fit.”
- Go through a checklist of key qualifying (and disqualifying) items for a grant opportunity.
- Generate a proposal outline, with key section headings and content pulled directly from an RFP.
- Annotate your proposal outline with evaluation criteria from the funder to maximize competitiveness.
- Determine what data and other evidence you need to increase your likelihood of success.

Basic Proposal Writing

FEBRUARY 24 | NOON-2:00 P.M.

- Review the typical sections of a grant proposal and make a game plan for getting it all done.
- Understand how to write strong goals and objectives.
- Learn how to write persuasive text for each part of a grant to garner reviewer excitement.
- Hear what “helps” and what “hurts” a grant in the review process.
- Find ways to seek feedback on your project idea and grant documents.

Advanced Proposal Writing

MARCH 3 | NOON-2:00 P.M.

- Understand how to use proposal rejection as a stepping-stone for future funding.
- Learn how to draft a grant budget that aligns with your grant proposal objectives.
- Create a program evaluation plan based on a logic model and other evaluation frameworks.
- Discuss other proposal enhancement components, such as data, collaborators, and more.
