Section I: Executive Summary of Integrated Plan and SCSN

I.i. Executive Summary of Integrated Plan and SCSN

For over a decade, the Miami-Dade County Eligible Metropolitan Area (EMA) has been a national HIV/AIDS hot spot. The EMA has led the State of Florida in the total number of people with HIV (27,319 in CY 2020, more than 23% of the entire state's population with HIV), and for nine of the past 10 years, the South Florida Metropolitan Statistical Area (MSA) has led the nation in the annual new-infection rate for HIV. During this time, the Miami-Dade Ryan White Part A/Minority AIDS Initiative program (through the Miami-Dade County Office of Management and Budget), and the Florida Department of Health in Miami-Dade County, have been coordinating their responses to the HIV epidemic, linking programs in community education, HIV prevention, HIV testing, linkage to care, and medical and social support for persons with HIV. These collaborative activities include the *Getting to Zero* initiative in 2016, the *2017-2021 Miami-Dade County Integrated HIV/AIDS Prevention and Care Plan (2017-21 Integrated Plan)*; the *National HIV/AIDS Strategy 2022-2025*; the *2021 Ending the HIV Epidemic Jurisdictional Plan*; and the ongoing cooperation between the Prevention and Strategic Planning Committees of the Miami-Dade HIV/AIDS Partnership (the County-wide cross-agency planning body for the Ryan White programs in Miami-Dade County).

This document represents the latest collaborative effort, the *2022-2026 Miami-Dade County Integrated HIV/AIDS Prevention and Care Plan (2022-26 Integrated Plan)*. The 2022-26 Integrated Plan incorporates the goals and objectives of local, state, and national initiatives to achieve the national HIV goal, "Reducing the number of new HIV infections in the US by 75% by 2025, and then by at least 90% by 2030." Specifically, the 2022-26 Integrated Plan is a comprehensive update of the 2017-21 Integrated Plan in combination with the 2021 Ending the HIV Epidemic Jurisdictional Plan, as well as the Getting to Zero initiative and other jurisdictional needs assessments and targeted community initiatives. The activities detailed in **Section V**, below, include efforts to reduce duplication of resources across funding streams, address HIV/AIDS stigma and systematic racism as public health threats, adopt the status-neutral approach to care, target services toward the special needs of at-risk populations, and address the particular needs of an aging population of people with HIV.

The 2022-26 Integrated Plan demonstrates the ongoing collaboration between the FDOH-MDC, the RWP and a broad spectrum of community stakeholders and persons with HIV. The 2022-26 Integrated Plan was developed by people with HIV, including RWP clients and peer educators; representatives of RWP Parts A, B, C, and D; the AIDS Drug Assistance Program (ADAP); the prevention and planning workgroups within the FDOH-MDC; the Florida Agency for Health Care Administration (Medicaid); and other community stakeholders as detailed in **Section II**.

Both qualitative and quantitative data are used in the 2022-26 Integrated Plan to describe the impact of HIV in the EMA; determine service gaps and barriers to care; identify prevention and treatment areas where racism, stigma and non-gender-neutral service provision need to be addressed; and develop goals and objectives to ensure access to HIV prevention and care services across the service delivery system, as detailed in **Section III**.

As detailed in **Section VI**, the Recipient, FDOH-MDC, and the Partnership will be responsible for monitoring, evaluating, and reporting on 2022-26 Integrated Plan activities. As with the 2017-21 Integrated Plan, regular process improvement and updates are expected and will be conducted under the purview of the Partnership and publicized widely for continued community engagement and stakeholder collaborations.

I.i. (a) Approach

As noted above, the RWP Program, FDOH-MDC, and Partnership staff were the key collaborators and made every effort to include a broad range of community input. This included Partnership meetings, outreach to targeted populations, online surveys, and key informant interviews.

Specifically, throughout February and March, 2022, Partnership staff solicited input from the FDOH-MDC Prevention Mobilization Workgroups: the Miami Collaborative MSM Workgroup; the PrEP Workgroup; Hispanic Initiative (Iniciativa Hispana); the Black Treatment Advocates Network (BTAN) Miami-Dade Chapter; Transgender Tenacity Power; and Youth Health. See **Section II** for details on individual group dynamics, meeting format, and feedback. Under the purview of the RWP, community listening sessions and targeted interviews were conducted in Haitian Creole; with the Positive People network; with the Partnership's Community Coalition Roundtable; with older persons with HIV/AIDS; with persons with HIV who experienced stigma and/or racism in receiving treatment; and persons with HIV who fell outside the RWP services umbrella. Finally, feedback was solicited and responses were reviewed by all Partnership committees. Those efforts are also detailed in **Section II**. People with HIV included in the development of the 2022-26 Integrated Plan -- both RWP clients and others -- represented a vast array of lived experiences, including those who have experienced homelessness, sex work, substance use and recovery, mental health treatment, incarceration, racial and ethnic discrimination, and general stigmatization around those experiences.

In addition to inclusion of people with HIV, online surveys were used to identify other required and recommended key stakeholders and identify where representation was lacking. The surveys also requested respondents identify not only barriers to care but also to suggest activities or system improvements to address those barriers, as they relate to the four main goals of the Integrated Plan: prevent new HIV infections; improve HIV-related health outcomes for people with HIV; reduce HIV-related disparities and health inequities; and achieve integrated, coordinated efforts that address the HIV epidemic among all partners and stakeholders. This served to identify strengths, challenges, and needs, to address the four pillars of Ending the HIV Epidemic (EHE), and the four key strategies of the Statewide Coordinated Statement of Need (SCSN), as detailed in **Section IV**; and the corresponding activities and expected outcomes, as detailed in **Section V**.

From January through June 2022 the Partnership's Joint Integrated Plan Review Team (JIPRT), a collaboration of the Prevention (FDOH-MDC) and Strategic Planning (RWP) Committees, reviewed draft sections and supporting documents, refined goals and objectives, and finalized the 2022-26 Integrated Plan. The members of these committees include people with HIV, RWP service-provider subrecipients, FDOH-MDC contracted agencies engaged in prevention activities, and other community stakeholders,

This led to the adoption of the Letter of Concurrence which encompasses agreement across all local HIV planning bodies, people with HIV, service providers, and other community stakeholders. The letter was approved by the Partnership on August 15, 2022 and was signed by the Partnership Chair; attached hereto as **Section VII**. The 2022-2026 Integrated Prevention and Care Plan for Miami-Dade County was finalized and approved unanimously by the Partnership on September 19, 2022.

I.i. (b) Documents submitted to meet requirements

Community Coalition Roundtable Issues for Feedback

Partnership committees, Behavioral Science Research Corporation (BSR), and the Miami-Dade County Office of Management and Budget Grants Coordination/Ryan White Program (OMB), are being asked to address relevant items and provide feedback to the Community Coalition in response to input from July and August Community Coalition Roundtables. Responses from each assigned committee, BSR, or OMB, will be reported back to the Community Coalition as they become available.

Affordable Care Act Insurance		
Date of Roundtable	Issues Raised	Assigned for Feedback
08/30/21	Access to insurance is not the same as access to care. Distrust of insurance companies or having care managed through insurance companies depersonalizes the doctor-patient relationship.	BSR/Partnership Staff* OMB/Recipient**
08/30/21	Affordable Care Act (ACA) plans are not equipped to serve people with HIV because not all providers are knowledgeable about HIV-specific care and treatment.	BSR/Partnership Staff OMB/Recipient
08/30/21	Affordable Care Act (ACA) clients are being referred to specialty care for basic labs and medications.	BSR/Partnership Staff OMB/Recipient
07/26/21	HMOs are complicated to navigate; therefore, clients may not be getting specialty care (barrier to care).	BSR/Partnership Staff OMB/Recipient
08/30/21	Finding specialty care is difficult both with insurance and within the Ryan White Program care system.	BSR/Partnership Staff OMB/Recipient

Discrimination/Cultural Humility Issues		
Date of Roundtable	Issues Raised	Assigned for Feedback
07/26/21	Providers would benefit from cultural sensitivity training.	BSR/Partnership Staff OMB/Recipient
08/30/21	Lack of professional training and or applying tools of cultural competency leads to distrust of service providers. Agency staff and care providers need to acknowledge racial discrimination existing in the service system.	BSR/Partnership Staff OMB/Recipient
07/26/21	Messaging needs to be diverse to reach the diverse cultural landscape of Miami-Dade County.	Community Coalition BSR/Partnership Staff

* BSR: Behavioral Science Research Corporation

** OMB: Miami-Dade County Office of Management and Budget Grants Coordination/Ryan White Program

Medical Care Issues		
Date of Roundtable	Issues Raised	Assigned for Feedback
08/30/21	Access to cancer screenings should be routine.	BSR/Partnership Staff OMB/Recipient
08/30/21	Getting appointments in a timely manner is difficult.	BSR/Partnership Staff
08/30/21	Medical care providers need more basic knowledge of mental health and addiction treatment.	BSR/Partnership Staff OMB/Recipient
07/26/21	Providers would benefit from training on trauma-informed care and patient-centered care.	BSR/Partnership Staff
07/26/21	Physicians are not listening to the needs of clients.	BSR/Partnership Staff
07/26/21	More mobile health units would be helpful to make healthcare more accessible.	Strategic Planning Committee Prevention Committee OMB/Recipient
08/30/21	Medical care providers and agencies should think of “clients” as “participants” or “partners” in health care.	BSR/Partnership Staff

Housing Issues		
Date of Roundtable	Issues Raised	Assigned for Feedback
08/30/21	Unstable housing impacts African-American clients disproportionately.	Housing Committee Strategic Planning Committee Prevention Committee OMB/Recipient
08/30/21	Some landlords will not except HOPWA funding or housing assistance funding.	Housing Committee Strategic Planning Committee Prevention Committee OMB/Recipient
08/30/21	Unstable or no housing leads to deprioritizing healthcare and becoming lost to care.	Housing Committee Strategic Planning Committee Prevention Committee OMB/Recipient

Client Informational Needs		
Date of Roundtable	Issues Raised	Assigned for Feedback
08/30/21	Patients need basic training in financial literacy.	Community Coalition
07/26/21	Focus on offering training on topics of interest to clients; staff to coordinate with local representatives such as Janssen and Clear Health Alliance, whose representatives were present at the roundtable.	Community Coalition

Interface Between Clients and Medical Case Managers/Peers		
Date of Roundtable	Issues Raised	Assigned for Feedback
08/30/21	Case management experience (and training) makes a difference in care and navigating the system.	Community Coalition BSR/Clinical Quality Management
08/30/21	Clients feel as though they are going through the program intake just to be counted, they feel like a number, not a person.	BSR/Clinical Quality Management
08/30/21	People with HIV, who are best suited to understanding other people with HIV, feel their passion and compassion is being exploited. More paid job opportunities and training for people with HIV is needed to work as Peer Educators, consultants, and subject matter experts. People with HIV are currently working as volunteers; more opportunities are needed to transition these volunteer roles into paid staff roles.	BSR/Clinical Quality Management OMB/Recipient
08/30/21	Can Peer Educators be included in medical case management training? What kind of training is required for Peer Educators?	BSR/Clinical Quality Management OMB/Recipient
08/30/21	There is no longer that “one place” (one-stop-shop) where patients can go for care. When stable relationships are not built, it leads to distrust and confusion.	Community Coalition BSR/Partnership Staff OMB/Recipient
08/30/21	Clients may cross the border from Miami-Dade to Broward County depending on available services and available housing, which creates a disjointed care plan and being lost to care.	Community Coalition BSR/Partnership Staff

* BSR: Behavioral Science Research Corporation

** OMB: Miami-Dade County Office of Management and Budget Grants Coordination/Ryan White Program

Other Issues		
Date of Roundtable	Issues Raised	Assigned for Feedback
08/30/21	It is very easy to give up hope after being released from jail or prison. What is the status of the very much needed Jail Linkage Coordinator?	Care & Treatment Committee BSR/Partnership Staff
07/26/21	The Florida Department of Health (FDOH) – Miami-Dade County announced the TransSocial Initiative; more research is needed to address barriers to care and issues for trans women.	BSR/Clinical Quality Management BSR/Partnership Staff OMB/Recipient
07/26/21	Improve the visibility of membership opportunities through marketing campaigns, empowering messages, and testimonials.	Community Coalition BSR/Partnership Staff
07/26/21	Community Promises (a FHDO initiative); Love, Care and Others; Empower U/Positive People, are other groups where people with HIV can be involved in the community.	Community Coalition BSR/Partnership Staff

* BSR: Behavioral Science Research Corporation

** OMB: Miami-Dade County Office of Management and Budget Grants Coordination/Ryan White Program
