Coral Gables, FL 33134**

***Senior Program Manager***

Assist the BSR President and Ryan White Program (RWP) Project Director in coordinating and expediting all functions of BSR's RWP Staff Support and Clinical Quality Management (CQM) activities, including but not limited to oversight of activities related to

- The Miami-Dade HIV/AIDS Partnership (Ryan White Program advisory board) and committee support;
- Part A/MAI and Part B CQM data generation, PDSA oversight and technical assistance process;
- The implementation and management of the 2022-2026 HIV/AIDS Integrated Plan;
- Assisting in coordinating BSR HIV/AIDS project functions with the RWP Recipient, RWP Part A/MAI subrecipients, the Florida Department of Health in Miami-Dade, the Ending the HIV Epidemic (EHE) initiative, community stakeholders, people with HIV, and other members of the affected community; and
- Acting as a representative of the company in community, state and national public health and HIV/AIDS-related meetings as directed by the President / Project Director.

The position requires a thorough knowledge of the clinical and administrative operations and interrelations of the Ryan White Program, a thorough knowledge of the theory and practice of health care Quality Improvement, and fluency with principles of data-driven decision making in health care. A post-graduate degree in public health, public administration or the social/behavioral sciences is necessary, as well as demonstrated ability to communicate clearly and precisely in English.
