

Youth Health (YH)

an FDOH Miami-Dade Community Mobilization Workgroup

Rosa E. Pache

Vision

Our vision is a world with no youth HIV infections, and where all youth receive quality science-based education, and those who acquire HIV as youth receive quality support services

Mission

Our mission is to coordinate the efforts of stakeholders, including youth, to bridge gaps in reducing new HIV infections and co-factors (like STIs, interfamily & dating violence, and unintended pregnancies) and to improve the lives of youth living with HIV in Miami-Dade County

Population

For the purpose of the Workgroup youth is define as young people ages 13 to 24
