Flashlight of Hope does education and prevention on HIV/AIDS, sexually transmitted diseases (STD's), tuberculosis (TB), and other life challenging illnesses (e.g., lupus, cancer, leukemia, etc.). Also, I operate a syringe exchange program. Other educational services include but not limited to the following: Domestic violence, sexual abuse and rape, human trafficking, gay and lesbian issues, crisis assessment and intervention, and parenting skills.

Set Free Ministries Church has an AIDS ministry, health & wellness ministry, and bereavement support group. The church is open to the GLBTQ+ & straight communities, HIV-, HIV+, disabled, substance abusers, homelessness, ex-offenders, immigrants, and other marginalized groups without condemnation. The pastor is open to ordaining women as ministers, evangelists, pastors, et cetera. In addition, he can do premarital counseling and solemnize marriages for gay and straight couples. Apostolic is synonymous to Pentecostal. The church preaches sound doctrine both Biblically and theologically.
