Subject: MAI excerpt from award letter

- 1) Each narrative budget justification must include an introductory statement about the number of clients to be served. Where applicable to justify the percentage charged to a particular Part A or MAI budget, your organization may also need to include a statement about the total client population or total HIV/AIDS client population and the percentage of clients who will receive a particular Part A or MAI service. See the Budget Justification Instructions document for examples.
- 2) MAI-funded subrecipients are strongly encouraged to contact Behavioral Science Research Corporation (BSR), the County's contracted Clinical Quality Management (CQM) provider, at 305-445-1076, for guidance in setting up a CQM-driven, MAI-compliant service delivery protocol.

Carla
