Please note: data as of the 9/1/2019 thru 3/31/2020 reporting period is based on the Provide Enterprise system. Beginning in late March 2020, the MDC RWP suspended the Viral Load requirement through at least the beginning of September 2020 due to the COVID-19 pandemic. Observed difference as of the 9/1/2019 thru 3/31/2020 reporting period may be due to how the data are collected and/or assigned to MCM agencies in Provide and/or the impact of the COVID-19 pandemic on RWP service delivery. Until further notice, all data as of 3/1/2020 is for informational purposes only.
