

Dedicated to meeting the unique needs of people living with HIV

At Optum[®] Specialty Pharmacy, we provide much more than specialty medications. We offer people the resources, programs and clinical assistance they need to manage their medications smoothly and with confidence.

Expertise

We are the only nationally certified pharmacy with a dedicated HIV account management team. We provide:

- American Academy of HIV Medicine (AAHIVP)-certified pharmacists
- A specially trained clinical HIV team
- Financial assistance specialists that will exhaust all efforts to get funding
- Multilingual capabilities
- Prior authorization and appeals team
- Clinical management program and consistent patient follow up to promote optimal outcomes

Engagement tools

We'll send text messages to help patients and their caregivers stay on track with their medication.

Our convenient patient and provider portals give people 24/7 access to track medicine, send referrals, order refills and more.

We offer specialized continuing education, adherence programs and lifestyle resources.

Education

Partnering to improve patient lives.

As an **Undetectable = Untransmittable (U=U)** community partner, we are committed to helping educate and share facts about HIV to improve lives and reduce misinformation about the disease and transmission.

U=U

Effective therapy

Our pharmacy team provides the guidance and expertise you need to make sure your patients are on an effective, manageable treatment plan.

We stock all of the latest HIV/AIDS medications including antiviral drugs, antiretroviral drugs and growth factors and offer:

 Medications always in stock with rapid-fill capability	 Discreet packaging and free delivery	 Medication-medication interaction management
