Note: All documents referenced in these minutes were accessible to members and the public prior to (and during) the meeting, at www.aidsnet.org/meeting-documents. The meeting agenda and calendar were distributed to all attendees. Meeting documents related to action items were distributed to members. Reference copies of reports, minutes, and flyers were available. All meeting documents were projected on the meeting room projection screen.

I. Call to Order

Committee Chair, Dennis Iadarola, called the meeting to order at 10:18 a.m.

II. Introductions

Members, guests, and staff introduced themselves.

III. Housekeeping/Meeting Rules

Mr. Iadarola presented the PowerPoint, *Partnership Meeting Housekeeping – Hybrid Meetings*, including code of conduct, resource persons, and attendance. Members and guests were reminded that the meeting was being recorded and will become part of the public record.

IV. Floor Open to the Public

Mr. Iadarola opened the floor to the public with the following statement:

“Pursuant to Florida Sunshine Law, I want to provide the public with a reasonable opportunity to be heard on any item on our agenda today. If there is anyone who wishes to be heard, I invite you to speak now. Each person will be given three minutes to speak. Please begin by stating your name and address for the record before you talk about your concerns. BSR has a dedicated telephone line as well as a general email address for statements to be read into the record. No statements were received via the telephone line or email.”

There were no comments; the floor was then closed.

V. Review/Approve Agenda

Members reviewed the agenda. The AIDS Drug Assistance Program (ADAP) Miami item was removed from Reports since Dr. Javier Romero was not present. The ADAP report is posted on AIDSNET.org; any questions should be directed to staff.

The next meeting date indicated June 20, 2022; however, the County offices are closed that day. Staff suggested indicating the next meeting date as “pending” in order to confirm availability of the library on a different date.

Motion to approve the agenda, as amended.

Moved: David Goldberg

Seconded: Angela Machado

Motion: Passed

VI. Review/Approve Minutes of April 18, 2022

Minutes of April 18, 2022 were posted for review and shown on the screen at the meeting; there were no changes or corrections.

Motion to approve the minutes of the April 18, 2022, as presented.

Moved: Daniel T. Wall

Seconded: David Goldberg

Motion: Passed

VII. Membership

Mr. Iadarola noted the Vacancy Report was in the meeting packet and there are many vacancies on all committees and the Partnership.

VIII. Reports

A. Grantee/Recipient Reports

▪ Ryan White Part A/Minority AIDS Initiative (MAI)

Daniel T. Wall

Daniel T. Wall, Office of Management and Budget – Miami-Dade County (OMB), reported on Ryan White Part A/Minority AIDS Initiative (MAI) Program (RWP) updates. The latest expenditure reports and client count were projected on the screen.

The number of clients served continues to increase since the post-COVID slow down. There will be a sizable carryover of Part A funds due to the COVID-19-related impacts on expenditures.

The final RWP award for Year 32 (beginning March 1, 2022) is still pending from the Health Resources and Services Administration (HRSA). A partial award was issued; contracted providers have been advised and contract finalization is in process.

All HRSA reporting from the County is up to date.

The HRSA Policy Clarification Notice (PCN) regarding the timing of the RWP reassessment for client eligibility is pending implementation. The eligibility period is expected to be extended to 366 days. This will cut down on paperwork for clients and should help mitigate ADAP disenrollment.

The Test and Treat/Rapid Access protocol has connected 2,716 persons to care as of May 9, 2022.

Florida Part A-funded and Ending the HIV Epidemic-funded jurisdictions and the HIV Section in Tallahassee are working on a data-sharing agreement (data-to-care matching) for the state to identify clients who have fallen out of care and the reasons for falling out of care.

The County is engaged in statewide and local integrated planning. At the state level, the Florida Comprehensive Training Network (FCPN) has developed a statewide plan and has asked for commentary from the County. The Prevention and Strategic Planning Committees are working on writing the local Integrated Plan.

▪ Ryan White Part B

David Goldberg

David Goldberg, Florida Department of Health in Miami-Dade County (FDOH), reviewed the *Florida Department of Health Expenditure/Invoice Reports* for March 2022, which is the latest completed month of data.

Mr. Goldberg noted the number of clients served and service units per service category. The Outpatient Ambulatory Health Service category will not be funded next year since the contracted provider is not renewing the contract. The Emergency Financial Assistance (EFA) service category covers the 30-day Test and Treat/Rapid Access (TTRA) medication supply; and has been updated to include rental assistance, food vouchers, and utility assistance as a payor of last resort, which is starting to see some utilization. Underspensing of EFA is due in part to TTRA medications being available through Patient Assistance Programs and utilization of medication samples. Non-Medical Case Management Services expenditures are nearing pre-COVID levels.

Part B will begin converting from Careware to Provide Enterprise Miami, which is the same client-level database used by RWP Part A. There is programming and training needed to be fully up and running on Provide; the conversion is expected to be completed in a couple of months.

▪ **General Revenue at SFAN**

Angela Machado

Angela Machado, South Florida AIDS Network, reviewed the General Revenue (GR) Report for March 2022. Contracts for the fiscal year beginning July 1 are under development. Client levels are continuing to increase though not yet back to pre-COVID levels. Transportation voucher usage has increased. Funds for 24-hour assistance under residential care is maxed out.

▪ **Housing Opportunities for Persons with AIDS (HOPWA)**

Roberto Tazoe was not present; the item was tabled.

B. Committee Reports

Committee Reports to the Miami-Dade HIV/AIDS Partnership were projected on the shared screen and distributed to members. Committee chairs read action items into the record and Mr. Iadarola summarized the activities of other committees.

▪ **Care and Treatment Committee**

Dr. Diego Shmuels

A target had not been adopted regarding the percent of clients receiving oral health care who received annual oral examinations within the past 12 months. Based on a data review and input, the Medical Care Subcommittee (MCSC) and Care and Treatment Committee moved to adopt a threshold of 75% for annual oral examinations:

Motion to adopt the outcome threshold of 75% for annual oral examinations.

Moved: Dr. Diego Shmuels

Seconded: Daniel T. Wall

Motion: Passed

Regarding dental implants, data were reviewed on the estimated costs for new implants and for repairing existing implants. Repairing an implant would allow for the use of existing structures and improve quality of life while not being cost prohibitive. A motion to approve four dental implant repair codes: D6058, D6065, D6068, and D6075 was approved. Dr. Shmuels read the motion as presented. The County asked for the motion to include language the MCSC had discussed indicating the Recipient would specify the codes as restricted to repairing existing implants.

Motion to add codes D6058 (Abutment supported porcelain/ceramic crown), D6065 (Implant supported porcelain/ceramic crown), D6068 (Abutment supported retainer for porcelain/ceramic Fixed Partial Denture), and D6075 (Implant supported retained for ceramic Fixed Partial Denture) to the Ryan White Oral Health Care Formulary, with restrictions as defined by the Recipient.

Moved: Dr. Diego Shmuels

Seconded: Daniel T. Wall

Motion: Passed

The revised Letter of Medical Necessity for continuous glucose monitors for use by individuals with diabetes was presented.

Motion to accept the revised Letter of Medical Necessity for Continuous Glucose Monitoring (CGM) Devices, as discussed. (Attachment 1)

Moved: Dr. Diego Shmuels

Seconded: Daniel T. Wall

Motion: Passed

The Allowable Medical Conditions list was revised to include osteoarthritis under the Bone and Joint Disease (e.g., Orthopedics/Rheumatology) category; and prostate cancer under the Genitourinary/Gynecology/Obstetrics category.

Motion to add prostate cancer under Genitourinary/Gynecology/Obstetrics specialty; and osteoarthritis under Bone and Joint Disease (e.g., Orthopedics/Rheumatology), as medical conditions on the Allowable Medical Conditions list.

Moved: Dr. Diego Shmuels

Seconded: Rick Siclari

Motion: Passed

▪ **Prevention Committee**

Abril Sarmiento

Prevention Committee members nominated Florida Comprehensive Planning Network (FCPN) representatives. Terms are for three years. Jamie Marqués of Project Access Foundation and Dr. Angela Mooss of Behavioral Science Research Institute were the nominees.

Motion to elect Jamie Marqués as Florida Comprehensive Planning Network (FCPN) Area 11a Prevention Committee Representative, and Dr. Angela Mooss as FCPN Area 11a Prevention Committee Alternate.

Moved: Abril Sarmiento

Seconded: Daniel T. Wall

Motion: Passed

C. Approval of Reports

Mr. Iadarola called for a motion:

Motion to accept the Membership, Grantee/Recipient, and Committee Reports as presented.

Moved: Abril Sarmiento

Seconded: Daniel T. Wall

Motion: Passed

IX. Standing Business

▪ **Source of Income Statements Due**

Staff reminded members to complete the Annual Source of Income statement if they had not done so already. Members were asked to see staff after the meeting if they need the form.

X. New Business

There was no new business.

XI. Announcements

There were no announcements.

XII. Next Meeting

Mr. Iadarola announced the next meeting date is pending.

XIII. Adjournment

Mr. Iadarola called for a motion to adjourn.

Motion to adjourn.

Moved: Daniel T. Wall

Seconded: Angela Machado

Motion: Passed

The meeting adjourned at 10:57 a.m.

Committee Reports to the Miami-Dade HIV/AIDS Partnership Presented July 18, 2022

This report contains ten (10) motions and an overview of each committee's activities for the meeting date indicated.

EXECUTIVE – JUNE 29, 2022 *1 MOTION*

- Because the Partnership did not reach quorum in June, the committee approved the June, 2022, Care and Treatment carryover motions as detailed in the *Executive Committee Report to Committees-June 2022*, posted online: aidsnet.org/meeting-documents.
- Members continued to review the impacts of reducing the maximum number of committee members from 24 members. Further discussion is pending.
- Members reviewed and accepted updates to the Code of Conduct (Attachment #1).

1. Motion to adopt the updated Code of Conduct (Attachment #1).

Once approved, all Partnership and Committee members are asked to sign the updated Code of Conduct.

CARE AND TREATMENT – JULY 7, 2022 *8 MOTIONS*

- Members heard updates from the Ryan White Program (RWP) Part A/Minority AIDS Initiative, RWP Part B, AIDS Drug Assistance Program (ADAP), and General Revenue.
- Members reviewed the Medical Care Subcommittee Report. The Subcommittee continued discussing topics related to HIV and aging, and forwarded **four (4) motions** related to other topics:
 - Reviewed, edited, and finalized a draft “Dear Colleague” letter regarding gender-affirming care.

2. Motion to accept the “Dear Colleague” letter regarding gender-affirming care, with changes. (Attachment #2).

- In June, 2022, RWP Part A carryover funds were added to the oral health care service category. The Subcommittee discussed adopting new dental implant codes (Attachment #2) based on available funding. Input from oral health care providers limiting the scope of the implant codes was reviewed.

A Letter of Medical Necessity (Attachment #3) was generated and revised, and the Subcommittee approved five oral health codes for implants, limited to patients who had no teeth and could not keep dentures in place. An effective start date of August 1, 2022, was suggested for use of the codes and the Letter of Medical Necessity, pending Partnership approval.

3. Motion to add codes to the Ryan White Oral Health Care Formulary:

- **D6010 (Surgical placement of implant body, second-stage surgery, placement of healing cap);**
- **D6191 (Semi-precision abutment-placement);**
- **D6192 (Semi-precision attachment-placement);**
- **D6110 (Implant/abutment supported removal denture for edentulous arch-maxillary); and**
- **D6111(Implant/abutment supported removal denture for edentulous arch-mandibular).**

As detailed in the Letter of Medical Necessity for Dental Implants, the implants are not cosmetic. They are for edentulous patients [patients lacking teeth] with insufficient bone support for conventional complete dentures and/or advanced resorption of the bone that supports dentures so they have difficulty keeping them in place. Limit is 8 units. (Attachment #3)

4. Motion to accept the Letter of Medical Necessity for Dental Implants with changes. (Attachment #3).

5. Motion to have an effective start date of August 1, 2022 [for the above referenced changes], pending approval by the Partnership of the Letter of Medical Necessity for Dental Implants.

-- End of Medical Care Subcommittee Report --

- Members continued to hear Needs Assessment presentations.
- Members discussed the *Other Professional Services: Legal Services and Permanency Planning* service definition (Attachment #4) and the provision to allow for gender-affirming name change. The County revised the language, and the committee adopted the language, which allows the service to be provided as a billable activity without disclosing a client is transgender.

6. Motion to accept the *Other Professional Services: Legal Services and Permanency Planning* services description with gender-affirming language as presented. (Attachment #4)

- Members reviewed the *Miami-Dade County - Ryan White Part A FY 2022-23 (YR 32) Formula & Supplemental Grant Funding Allocations - Sweeps 2 (SW2) - Funding Reallocations* (Attachment #5). Recommended reductions totaled \$1,045,848, and requests totaled \$3,583,631. While the full request could not be met with the carryover funding, most requests can be fulfilled. The Food Bank allocation was deliberated separately due to RWP subrecipient conflict of interest [sole provider for the service category]:

7. Motion to allocate \$766,083 of Part A Sweeps 2 funds to the Food Bank service category. (Attachment #5)

The remaining allocation recommendations are as follows:

8. Motion to allocate Part A Sweeps 2 funds:

- **\$5,815,461 to Medical Case Management;**
- **\$8,577,172 to Outpatient/Ambulatory Health Services;**
- **\$132,385 to Mental Health Services;**
- **\$84,492 to AIDS Pharmaceutical Assistance;**
- **\$3,088,975 to Oral Health Care;**
- **\$335,776 to Health Insurance Services;**
- **\$1,969,744 to Substance Abuse Residential;**
- **\$44,128 Substance Abuse Outpatient Care;**
- **\$194,149 to Medical Transportation;**
- **\$9,853 to Emergency Financial Assistance;**
- **\$264,696 to Outreach Services; and**
- **\$154,449 to Other Professional Services (Legal)**
(Attachment #5)

- Members reviewed the *Miami-Dade County Ryan White Part A FY 2022-23 (YR 32) Minority AIDS Initiative (MAI) Grant Funding Allocations - Sweeps 2 (Sw2) - Funding Reallocations* (Attachment 6). Recommended reductions totaled \$18,179, and the only request was \$6,883 under Clinical Quality Management. The Committee voted to allocate the requested funds.

9. Motion to allocate MAI Sweeps 2 funds of \$6,883 to Clinical Quality Management.
(Attachment #6)

JOINT INTEGRATED PLAN REVIEW TEAM (JIPRT) – MAY 9, 2022 **(Prevention Committee and Strategic Planning Committee)**

- Members completed review of the collected responses for 2022-2026 Integrated HIV Prevention and Care Plan: Community Engagement Feedback for Goal Development, which incorporates community feedback in the outline of objectives and strategies provided by the State of Florida Department of Health.

COMMUNITY COALITION – JUNE 27, 2022

- Members promoted the Partnership at a National HIV Testing Day events throughout the county in lieu of their June 27 meeting.
- A flyer for the upcoming dinner series is available at this meeting. ➡

HOUSING COMMITTEE

- The committee has not met since the last Miami-Dade HIV/AIDS Partnership meeting.

MIAMI-DADE HIV/AIDS PARTNERSHIP

Because many Partnership members and guests are immunocompromised, attendees are asked to wear a mask to these events. We hope you will respect the health concerns of members and guests and choose to wear a mask.

The Miami-Dade HIV/AIDS Partnership is the Official Community Advisory Board for HIV in Miami-Dade County. The Partnership's efforts support Partnership members and community stakeholders in reducing the number of people with HIV in Miami-Dade County.

CODE OF CONDUCT

This Code of Conduct shall apply to all members of the Partnership and to the Partnership's standing committees, sub-committees, and workgroups, which are collectively referred to herein as the "Partnership."

Deleted: ad hoc committees

Meetings are conducted according to Robert's Rules of Order. The length of time Partnership members are allowed to speak may be limited. Use of cell phones is also restricted.

Deleted: and pagers

Each Partnership member shall cooperate with the presiding officer in preserving order and decorum as set forth in the Partnership Bylaws. No member shall delay or interrupt the proceedings, or disturb any member while the member is speaking, except that the presiding officer may interrupt for the purpose of calling a member or members to order.

Members should be aware that they serve the interest of the Miami-Dade HIV/AIDS community as a whole. Members do not serve private or personal interests, and shall endeavor to treat all persons, issues and business in a fair and equitable manner. Accordingly, members are prohibited from lobbying the Partnership or any member of the Partnership regarding any matter that is of a personal nature.

Members, when voting on allocation of funding, must vote in accordance with the Miami-Dade County Commission on Ethics and Public Trust's Advisory Opinion 05-50, which states in pertinent part: "...the Partnership member may vote on funding recommendations affecting a service category in which they are a provider as long as the member is not the sole provider in the particular category and the recommendation does not provide amounts or percentages among the providers in a particular service category." In the event a member has a conflict, the member must declare the conflict and shall abstain from the vote and step outside of meeting room prior to the vote. The member will complete Form 8B while outside the room and return the form to staff support personnel. The member shall return to the room after the remaining members have voted. Form 8B will be included with minutes of the meeting.

Deleted: Prior to departing the meeting room all members with a conflict shall state on the record the nature of the conflict. ¶

All members must comply with Florida's Government in the Sunshine Law and Public Records Act as further described in the Partnership Bylaws.

Presiding Officers' Duties:

1. The presiding officers are responsible for the orderly conduct of business at each meeting and shall preserve order and decorum.
2. The presiding officers shall ensure Partnership business is conducted efficiently by enforcing the rules of debate; the presiding officer shall not monopolize discussion.

Governance Rules:

1. Remarks are addressed through the presiding officer, not to individual members or members of the public without the presiding officer's consent.
2. Members of the Partnership may speak in turn as recognized by the presiding officer.
3. Members of the public may be permitted to address the Partnership as appropriate and as recognized by the presiding officer.

4. When more than one individual requests the floor, the presiding officer shall establish a queue.
5. Time limits for speaking may be established by the presiding officer.
6. The presiding officer may restrict an individual from speaking when the individual's comments are repetitive or not germane to the issue. Restrictions shall not be applied so as to limit the public's right to participate.
7. Partnership members may overturn a decision of the presiding officer by a majority vote.

General Conduct:

1. Partnership members shall adhere to the Rules of decorum set forth in the Partnership's Bylaws.
2. Electronic communication devices shall be set on mute or vibrate.
3. At no time shall the presiding officer, a Partnership member engage in any personally offensive or abusive remarks.
4. Members shall inform themselves on issues, listen attentively to discussion, and review relevant materials distributed prior to meetings.
5. There shall be no interruptions and no private conversations while business is conducted.
6. The presiding officer shall call any member to order who violates any section of this Code of Conduct. If a member is called to order while speaking, that person shall cease speaking until the question of order is determined.

Staff support personnel and County employees are present to assist the process, the presiding officer and Partnership members. Support personnel and County employees are entitled to be treated with courtesy and respect. Accordingly, the presiding may issue warnings to Partnership members and may also take other appropriate action to ensure compliance with this Code of Conduct and the Partnership's Bylaws.

Members shall agree:

1. To refrain from engaging in improper or illegal voting on Partnership matters.
2. To refrain from engaging in improper or illegal representation as an agent of the Partnership on fiscal, legal and/or other Partnership matters.
3. To refrain from engaging in fighting, threatening behavior and other gross violations of proper conduct at Partnership or committee meetings.
4. To refrain from receipt of gifts, favors or promises of future benefits.
5. To refrain from engaging in any breach of the public trust.
6. To comply with the attendance requirements and other Partnership requirements, as provided for in Sections 2-11.39 and 2-11.02 of the Code of Miami-Dade County and further set forth herein.
7. To refrain from engaging in any negligent or criminal activities in the performance of any duty assigned to them by law.
8. To comply with the Partnership's Bylaws.

Any violation of this code of conduct may result in the Partnership taking appropriate action against the Partnership member, including but not limited to making a recommendation to the County Mayor for the removal of Partnership member.

June 24, 2022

Dear Colleagues:

On behalf of the Medical Care Subcommittee of the Miami-Dade HIV/AIDS Partnership, I offer this correspondence for your consideration. This subcommittee is charged with reviewing medical care, oral health care, and provision of prescription drugs for over 8,000 clients served by the Miami-Dade County Ryan White HIV/AIDS Program (RWHAP) every year. In our capacity overseeing these vital medical services, we agree and support gender-affirming care for transgender people who come to us for HIV care, and we wish to raise several issues that must be addressed if we are to provide effective services to our transgender clients. We hope that by addressing these issues, we can improve access to care, retention in care, and positive outcomes for transgender clients with HIV.

Care and Treatment Issues

- Some Ryan White Program subrecipients and their staff members may not be thoroughly familiar with hormone replacement for gender affirmation, or the availability of payor sources such as Part A, ADAP, or General Revenue.
- Gender affirming care requires access to mental health clinicians well versed in transgender care. We need to develop a resource guide that identifies trans-friendly providers, with experience.
- Gender affirming hormone therapy must be provided in the context of accurate information about the interactions of these medications with other prescriptions used by the client, or with illicit substances.
- Providers of residential care for substance use disorder should be aware of the special needs of clients in the process of gender transition, so that clients who are transitioning while receiving help for substance use disorders receive care that takes into account mental health needs, substance use patterns, and the requirements of sobriety.
- It is important to have a peer or a designated transgender champion at each subrecipient service site since this allows for a relatable experience for clients.

Training

- Continuous training is needed for all providers from the top down, to ensure lessons are reinforced, and care is delivered in an appropriate manner.
- Front desk staff and medical case managers need to be thoroughly trained in how to respond to transgender clients.
- The Recipient shall identify an entity to provide guidance, training, and/or educational resources to support staff to raise awareness and increase competency around transgender care.

Non-Matching and Changed Names

- Non-matching names (and non-matching documents) are a problem with insurance. Clients are registered in the ADAP Program using the legal name shown in their official document (Florida Driver's License or similar). Sometimes there are discrepancies as the Florida Department of Health in Miami-Dade County Pharmacy receives prescriptions that have a different name than the one in the ADAP system (preferred name instead of legal name; unreported legal name change; other reasons).
- Some electronic medical records offer a "preferred name" field. This should be offered/used in electronic medical records and client data management systems." The "preferred name" should be used on the medication label, where legally allowed.
- The service delivery manual for the Ryan White program reflects name and gender identity changes as an allowable service under the other professional services category.

We appreciate your consideration of these recommendations.

Sincerely,

Signature

Robert Goubeaux, MD, Medical Care Subcommittee Chair

**OTHER PROFESSIONAL SERVICES:
LEGAL SERVICES AND PERMANENCY PLANNING**

(Year 32 Service Priority: #13 for Part A only)

Other Professional Services (Legal Services and Permanency Planning) are support services. Other Professional Services allow for the provision of professional and consultant services rendered by members of particular professions licensed and/or qualified to offer such services by local governing authorities. Locally, this service category is limited to the provision of Legal Services and Permanency Planning to people with HIV or AIDS who would not otherwise have access to these services, with the goal of maintaining clients in health care. Legal Services are available to eligible individuals with respect to powers of attorney, do-not-resuscitate orders, and interventions necessary to ensure access to eligible benefits, including discrimination or breach of confidentiality litigation as it relates to services eligible for funding under the Ryan White Program, especially but not limited to assistance with access to benefits and health care-related services.

- A. Program Operation Requirements:** Funds may be used to support and complement pro bono activities.

Funds may also be used to support program-allowable services (e.g., legal assistance, filing fees, and fingerprinting fees, etc. to support legal name and identity changes) for gender affirming care. This support for gender affirming care aims to facilitate access to benefit programs and services for which a client may be eligible. This gender affirming care support may be included in one or more of the service areas listed below.

All legal assistance under Ryan White Part A Program funding will be provided under the supervision of an attorney licensed by the Florida Bar Association. Only civil cases are covered under this Agreement. Therefore, the service provider will assist eligible Ryan White Program clients with civil legal HIV-related issues which will benefit the overall health of the client and/or the Ryan White Program care delivery system in the following service areas:

- Collections/Finance – issues related to unfair or illegal actions by collection agencies related to health care debt (e.g., bankruptcy due to health care debt).
- Employment Discrimination Services – issues related to discrimination while at work, unfair terminations, unfair promotion policies, or hostile work environment as related to HIV diagnosis or status.

- Health Care Related Services – issues related to ensuring that the client is treated in a fair manner, and issues relating to breach of confidentiality by divulging HIV status or other confidential medical/income information without client consent.
- Health Insurance Services – issues related to seeking, maintaining, and purchasing of private health insurance.
- Government Benefit Services – issues related to obtaining or retaining public benefits which the client has been denied and is eligible to receive, including but not limited to Social Security Disability and Supplemental Income Services (SSDI and SSI) benefits, Unemployment Compensation, as well as welfare appeals, and similar public/government services.
- Rights of the Recently Incarcerated Services – issues related to a client’s right to access and receive medical treatment upon release from a correctional institution.
- Adoption/Guardianship Services – issues relating to preparation for custody options for legal dependents including standby guardianship, joint custody, or adoption.
- Permanency Planning – this component helps clients/families make decisions about the placement and care of minor children after their parents/caregivers are deceased or are no longer able to care for them, including: the provision of social service counseling or legal counsel regarding the drafting of wills or delegating powers of attorney. This sub-component includes preparation of advance directives, healthcare power of attorney, durable powers of attorney, and living wills.

IMPORTANT NOTES:

- Adoption/Guardianship is related to Permanency Planning under HRSA Policy Clarification Notice #16-02; however, for local tracking purposes, it has been identified as a separate billable component.
- Adoption/Guardianship and Permanency Planning activities do not include any legal services that arrange for guardianship or adoption of children after the death of their normal caregiver. Proper planning must occur prior to the death of the client (i.e., parent/guardian).
- HRSA’s Program Letter titled “Gender-Affirming Care in the Ryan White HIV/AIDS Program,” dated December 16, 2021 (<https://ryanwhite.hrsa.gov/grants/program-letters>), addresses the importance of and allowable uses of funds to support gender-affirming care.

Providers should demonstrate experience in providing similar services and the ability to meet the multi-lingual needs of the HIV/AIDS community.

- B. Rules for Reimbursement:** The unit of reimbursement for this service is *one hour (or fraction thereof)* of legal consultation and/or advocacy provided by an attorney or paralegal at a rate not to exceed \$90.00 per hour. Gender affirming care support does not have a separate billing code, as it is a component in one or more of the service areas listed in Section A, directly above.
- C. Additional Rules for Reporting:** Monthly activity reporting for this service will be on the basis of *one hour of legal consultation and/or advocacy* provided by an attorney or paralegal. Legal Services and Permanency Planning providers must submit an annual written assurance that: 1) Ryan White Program funds are being used only for Legal Services and Permanency Planning directly necessitated by an individual's HIV status; 2) Ryan White Program funds are not used for any criminal defense or for class action suits unrelated to access to services eligible for Ryan White Program funding; and 3) the Ryan White Program was used as the payer of last resort.
- D. Special Client Eligibility Criteria:** A Ryan White Program In Network Referral or an Out of Network Referral (accompanied by all appropriate supporting documentation) is required for this service and must be updated annually. Providers must also document that program-eligible people with HIV (clients) receiving Ryan White Part A Program-funded Other Professional Services (Legal Services and Permanency Planning) are permanent residents of Miami-Dade County and have gross household incomes that do not exceed 400% of the 2022 Federal Poverty Level (FPL).
- E. Additional Rules for Documentation:** Client charts must include a description of how the Legal Service or Permanency Planning services are necessitated by the individual's HIV status, the provision of services, client eligibility (Ryan White Program In Network Referral or Out of Network Referral with supporting documentation), and the hours spent in the provision of such services.

"I am a Work of ART"

I am a Work of ART

"I am a Work of ART" The Campaign

"I am a Work of ART" Campaign Materials

Overview

The U.S. Department of Health and Human Services (HHS), developed the "I am a Work of ART" national viral suppression campaign as part of the [Ending the HIV Epidemic in the U.S. \(EHE\)](#) Initiative. This campaign supports the EHE key pillar: "Treat people with HIV rapidly and effectively to reach sustained [viral suppression](#)."

Campaign Development

Using a co-creation approach, HHS engaged traditional and nontraditional HIV stakeholders and people with HIV in eight EHE priority jurisdictions across the U.S. to develop "I am a Work of ART." Campaign materials feature a diverse group of people with HIV, who share personal stories about getting into care and using [antiretroviral therapy \(ART\)](#) to achieve viral suppression.

DOH-Miami-Dade is offering appointments to high-risk populations for Jynneos Vaccine for the prevention of Monkeypox

The Florida Department of Health in Miami-Dade County (DOH-Miami-Dade) is offering appointments for **Jynneos Vaccine** for the prevention of **Monkeypox**. To become fully immunized you must be vaccinated with 2 doses, the second dose 28 days after receiving the first.

Currently, we are only providing the vaccine to certain populations that are at high-risk for infection, these groups include:

- Laboratory personnel and select health care personnel at high risk for monkeypox
- Close contacts of Monkeypox cases
- Immunocompromised MSM (men who have sex with men) with HIV (<200 CD4 white blood cells per ml³)
- Other MSM with a recent history of a sexually transmissible diseases (STD)

DOH-Miami-Dade is providing vaccines to individuals that are at high-risk for infection. If you are currently experiencing symptoms of monkeypox, we encourage you to get tested first to ensure you are not already infected. Symptoms of monkeypox include:

- Fever
- Headache
- Muscle aches and backache
- Swollen lymph nodes
- Chills
- Rash that can look like pimples or blisters that appears on the face, inside the mouth and on other parts of the body like the hands, feet, chest, genital, and anal area.

Please only schedule your appointment for your first dose if you are in one of the high-risk categories. Also, be aware that you should only make one appointment. Once you receive the first dose our clinic staff will provide you with a follow-up appointment for the second dose.

To schedule an appointment for Monkeypox or other vaccines such as the COVID-19 vaccine for ages 5 and older, vaccine booster follow the attached link on **Google Chrome, Microsoft Edge or mobile devices**: <https://book.appointment-plus.com/d6b7yl3q>

Meningococcal Disease: What People Living with HIV Need to Know

People living with HIV are at increased risk for getting meningococcal disease, a rare, but very serious illness. It is caused by a type of bacteria called *Neisseria meningitidis*. Even if treated quickly, meningococcal disease can cause long-term problems or be deadly. Getting vaccinated is the best way to prevent meningococcal disease.

Meningococcal Disease Can Lead to Meningitis or Bloodstream Infection

Meningococcal disease has two common outcomes – meningitis and bloodstream infection. These infections typically appear within 3 to 7 days after being exposed to the bacteria. Both of these conditions are very serious and can be deadly.

Meningitis

When someone has meningococcal meningitis, the tissue covering the brain and spinal cord becomes infected and swells. Symptoms of meningococcal meningitis include sudden onset of **fever**, **headache**, and **stiff neck**. There can be additional symptoms, such as:

- Nausea
- Vomiting
- Confusion

In babies, these symptoms can be difficult to notice or may not be there at all. Instead, a baby may appear slow or inactive, be irritable, vomit, or feed poorly.

Bloodstream Infection

When someone has a meningococcal bloodstream infection, the bacteria can enter the bloodstream and multiply, damaging the walls of the blood vessels and causing bleeding into the skin and organs. Symptoms may include:

- Fever or cold chills
- Tiredness (fatigue)
- Vomiting or diarrhea
- Cold hands and feet
- Severe aches or pain in the muscles, joints, chest, or belly (abdomen)
- Rapid breathing
- A dark purple rash

See medical attention immediately if you or your child has any symptoms of meningococcal disease.

People with a low CD4 count or a high viral load are especially at increased risk for meningococcal disease.

People Living with HIV Need to be Vaccinated Against Meningococcal Disease

People 2 months old or older who are infected with HIV should receive a meningococcal conjugate vaccine that helps protect against four types (serogroups) of *N. meningitidis*: A, C, W, and Y. Booster doses of this vaccine will be needed throughout life. Most people who get a meningococcal vaccine do not have any serious problems with it. Side effects are usually mild and go away on their own within a few days, but serious reactions are also possible. **Talk to your healthcare professional about when to receive this vaccine.**

Certain People are at Increased Risk for Meningococcal Disease

Babies, teens, and young adults have higher rates of meningococcal disease than people of other ages do. **People living with HIV are at increased risk for meningococcal disease and having a low CD4 count or a high viral load further increases a person's risk.**

Other factors, such as having certain medical conditions or traveling to certain countries, can increase your risk for getting this disease, no matter how old you are. **Talk to your healthcare professional to see if you or your child is at increased risk for meningococcal disease and need to get vaccinated.**

Meningococcal Disease is Spread from Person to Person

The bacteria that cause meningococcal disease are spread by exchanging respiratory and throat secretions (saliva or spit) during close (for example, coughing or kissing) or lengthy contact, especially if living in the same household. Fortunately, these bacteria are much harder to spread than viruses that cause the common cold or the flu.

Meningococcal Disease is Very Serious but Treatable

Meningococcal disease can be treated with antibiotics (medicine that kills bacteria in the body). It is important that treatment be started as soon as possible. However, about 1 to 2 out of every 10 people who get meningococcal disease will die from the infection, even with quick and appropriate treatment. **If you think you or your child has meningococcal disease, seek medical care right away.**
