

**Medical Care Subcommittee  
November 17, 2023 Meeting Report  
to the Care and Treatment Committee  
Presented December 14, 2023**

---

The Medical Care Subcommittee (MCSC):

- Heard updates from the Ryan White Program and AIDS Drug Assistance Program (ADAP).
  - Reviewed a request to add D0367 - *cone beam CT capture and interpretation with field of view of both jaws, with or without cranium* – to the Ryan White Oral Health Care Formulary. The code would allow for better diagnostic and treatment outcomes with better views received from a 3D image.
1. **Motion to add code D0367 - *cone beam CT capture and interpretation with field of view of both jaws, with or without cranium* -- to the Ryan White Oral Health Care Formulary.**
  - Reviewed restrictions on dental codes. Last year, the Ryan White Program placed restrictions on the billing for denture adjustments within 180 days of placement of certain dentures but not on others: upon review, this was an oversight which the Subcommittee addressed. The denture adjustments listed in the motions below, if performed within 180 days of fabrication and fitting of the dentures, should be included in the cost of the denture, and not as separate billable activities.
2. **Motion to prohibit billing of D5421 - adjust partial denture-maxillary - within 180 days of billing for *D5211*-maxillary partial denture-resin base (including, retentive/clasping materials, rests, and teeth); *D5213* - maxillary partial denture-cast metal framework with resin denture bases (including, retentive/clasping materials, rests, and teeth); or *D5282* - removable unilateral partial denture-one piece cast metal (including, retentive/clasping materials, rests, and teeth), maxillary.**
  3. **Motion to prohibit billing of D5422 - adjust partial denture-mandibular - within 180 days of billing for *D5212* - mandibular partial denture-resin base (including, retentive/clasping materials, rests, and teeth); *D5214* - mandibular partial denture-cast metal framework with resin denture bases (including, retentive/clasping materials, rests, and teeth); or *D5283* - removable unilateral partial denture-one piece cast metal (including, retentive/clasping materials, rests, and teeth), mandibular.**
  4. **Motion to prohibit billing of D5410 - adjust complete denture-maxillary - within 180 days of billing for *D5110* - complete denture-maxillary.**

*All motions are subject to Partnership approval.*

**5. Motion to prohibit billing of D5411-adjust complete denture-mandibular - within 180 days of billing for D5120 - complete denture-mandibular.**

- Reviewed a request to add D7953 - *bone replacement graft for ridge preservation-per site* - to the Ryan White Oral Health Care Formulary. The code would benefit patients in restoration and preservation of bone volume. Bone grafting repairs the jawbone in order to support dental restorations.

- Reviewed and edited draft pages 9-12 of the Ryan White Primary Medical Care Standards and will complete review of the full document edits at the next meeting.
