- Florida Department of Health in Miami-Dade County
- Florida Department of Health Epidemiological Data
- Miami-Dade County Ryan White Program
- Provide® Enterprise Miami (data management system utilized by the Ryan White Program Part A/Minority AIDS Initiative and Part B in Miami-Dade County)

This report was prepared by Behavioral Science Research Corporation for the Miami-Dade County OMB and the Miami-Dade HIV/AIDS Partnership. This publication is supported by the Health Resources and Services Administration (HRSA) of the U.S. Department of Health and Human Services (HHS) under the grant number H89HA00005, CFDA #93.914 – HIV Emergency Relief Project Grants, as part of a Fiscal Year 2024 award totaling \$27,411,326 as of May 23, 2024, with 0% financed with non-governmental sources. The contents are those of the author(s) and do not necessarily represent the official views of, nor an endorsement by, HRSA, HHS or the U.S. government.

# State of the HIV Epidemic

In 2022, people with HIV represented **one out of every 93** people living in Miami-Dade County.

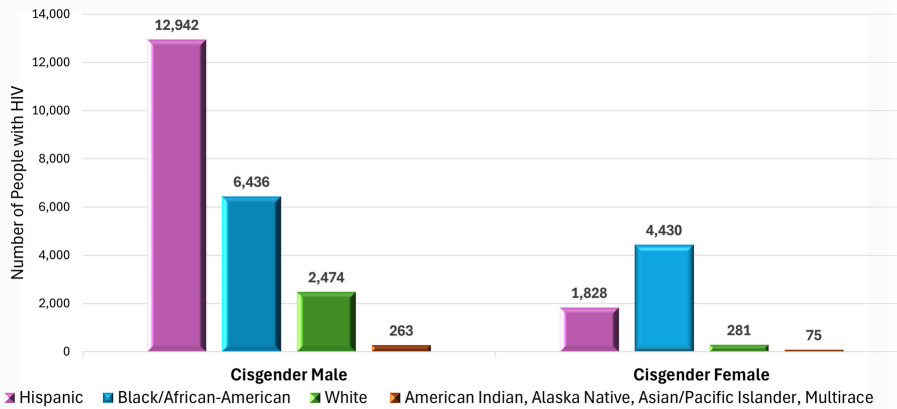

Florida continues to have the highest rates of new HIV diagnosis in the United States (CDC, Volume 35).

## 2022 Florida Department of Health Snapshot

- »» **#1** Miami-Dade County has the highest rate of new diagnoses of HIV of any county in Florida.
- »» **28,749** Total number of people with HIV living in Miami-Dade County.  
*Total 2022 MDC population: 2,673,056.*
- »» **23%** Percent of Florida residents with HIV living in Miami-Dade County.  
*Total 2022 FL population: 22,244,823; Total 2022 FL population of people with HIV: 124,577.*

### Race/Ethnicity and Gender of People with HIV in MDC, 2022

Florida Department of Health

### Location Comparison

AIDSVU.org

HIV prevalence and HIV new diagnoses can be compared across geographic levels.

RATE PER 100K (POPULATION), 2022

# Modes of Acquiring HIV

In 2022, the Florida Department of Health reported the following self-reported modes of acquiring HIV among people in Miami-Dade County.

## Cisgender Males

N=7,028

## Cisgender Females

N=6,448

\*Other Reason includes reason not reported or identified, along with hemophilia, blood transfusion, perinatal exposure, or missing/suppressed data.

# Populations of Special Concern

In 2023, Miami-Dade County's Ryan White Program provided medical care and support services to **9,060 low-income people with HIV**. Populations of special concern are people over 50 with HIV, long-term survivors, and people with HIV experiencing homelessness and unstable housing.

## People Over 50 with HIV

### 3,746 people

**41%** of Ryan White Program clients in care were **over age 50** and aging into Medicare in 2023.

*People with HIV over 50 and long-term survivors are more likely to have negative health outcomes due to lower cognitive functioning, diabetes, hypertension, and other co-morbidities.*

## Long-Term Survivors

### 1,335 people

**4.7%** of Ryan White Program client in care were **Long-Term Survivors** - living with HIV for more than 20 years - in 2023.

## People with HIV Experiencing Homelessness and Unstable Housing

### 460 people

**5.1%** of Ryan White Program clients in care were **experiencing homelessness or were unstably housed** at the end of 2022.

## People with HIV Living in Poverty

### 4,439 people

**48.7%** of Ryan White Program clients in care were **living below 136% of the Federal Poverty Level** in 2023.

## Fair Market Rent (FMR)

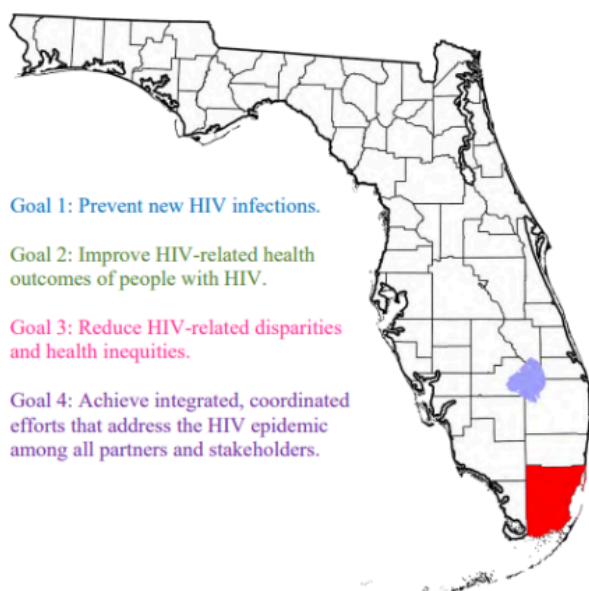

*For people with HIV who are living in poverty and attempting to become stably housed, the lack of affordable housing and rising Fair Market Rents continue to hinder treatment adherence and threaten positive health outcomes.*

# Miami-Dade County Response Integrated Planning

Strategies and activities for achieving the National HIV/AIDS Strategy (NHAS) and Ending the HIV Epidemic (EHE) goals are detailed in the *2022-2026 Miami-Dade County Integrated HIV Prevention and Care Plan*.

## The Plan

### MIAMI-DADE COUNTY 2022-2026 INTEGRATED HIV PREVENTION AND CARE PLAN

Goal 1: Prevent new HIV infections.

Goal 2: Improve HIV-related health outcomes of people with HIV.

Goal 3: Reduce HIV-related disparities and health inequities.

Goal 4: Achieve integrated, coordinated efforts that address the HIV epidemic among all partners and stakeholders.

With participation by people with HIV and other community partners in Miami-Dade County.

## Community Partners

### The Miami-Dade HIV/AIDS Partnership

*Ryan White Program Planning Council established by County Ordinance as the official County Advisory Board for HIV needs and services in MDC.*

Providing coordination between people with HIV, including Ryan White Program clients, service providers, and administrators, Florida Department of Health in MDC, government officials, the Housing Opportunities for Persons with AIDS Program (HOPWA), General Revenue, Medicaid, universities, hospitals, and HIV advocates.

### The Ryan White Program

*Ryan White Program Parts A, B, C, D, F, and the Minority AIDS Initiative (MAI).*

Providing life-saving HIV medical care and treatment and support services to 9,060 people with HIV in 2023.

## The Florida Department of Health in Miami-Dade County Local County Health Department

Providing HIV and sexually transmitted disease testing and prevention services. More than 116,000 HIV tests administered in 2022, with 1,258 HIV positive test results.

# Miami-Dade County Response

## Ending the HIV Epidemic

Miami-Dade County is one of 57 Ending the HIV Epidemic priority jurisdictions receiving funding for resources, technology, and expertise to expand HIV prevention, treatment, and support services.

All residents with HIV – regardless of immigration status or income level – can benefit from these services.

### Ryan White Program Ending the HIV Epidemic Initiatives

#### HealthTec

- Enhancing telehealth services by applying a multidisciplinary approach to provide medical care, medical case management, mental health counseling, substance use disorder services, prescription drugs, and more!

#### Quick Connect

- Expanding the Test and Treat/Rapid Access protocol to ensure access to medical care and antiretroviral therapy within 7 days.
- Educating non-Ryan White Program-affiliated providers at hospitals and clinics on the benefits of routinized opt-out HIV testing.
- Engaging the community in HIV testing through social marketing and media campaigns.

#### Housing Stability Services ~ Housing is Healthcare

- Providing transitional, short-term, or emergency housing assistance using a housing-first approach.

#### Mobile GO Teams

- Supporting Miami-Dade County's ability to rapidly respond to HIV transmission clusters using the local Test and Treat/Rapid Access model.

### Florida Department of Health in MDC Ending the HIV Epidemic Initiatives

At 12 local agencies, Jackson Memorial Hospital and Homestead Hospital.

#### HIV Testing

- Providing rapid HIV testing and at-home HIV testing.

#### Rapid Access to Care

- Ensuring all persons who test positive for HIV will have medication to reach viral load suppression.

#### Pre-Exposure Prophylaxis (PrEP)

- Increasing PrEP uptake and access points.

#### Re-engagement in Care

- Getting people who have fallen out of care back into care.

#### Partner services

- Providing confidential partners services to individuals exposed to HIV, including HIV testing, and linkage to HIV treatment or Pre-Exposure Prophylaxis.

#### Academic Detailing

- Educating hospitals and clinics on the benefits of routinized opt-out HIV testing.

#### Establishing a Referral Network

- To connect people with HIV to care and services.

#### Media Campaigns

- Engaging the community in HIV testing through social marketing and media campaigns throughout the county.

# Miami-Dade County Response

## HIV Innovations and Interventions

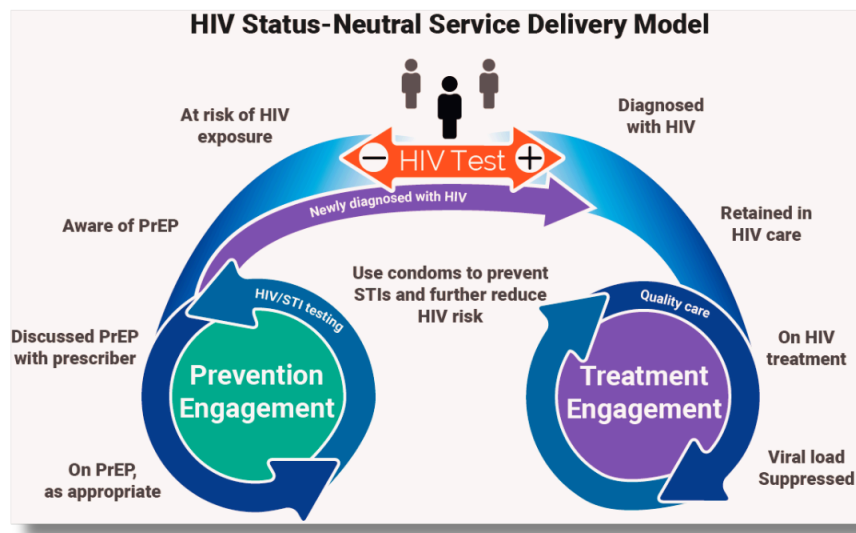

### Infectious Disease Elimination Act

HIV transmission via injection drug use was mitigated by the Infectious Disease Elimination Act - IDEA Exchange, an innovative Syringe Services Program, which started in December 2016 in Miami-Dade County and has become a statewide Syringe Services Program model.

**In 2023, 864 people were linked to IDEA Exchange services.**

### HIV Status Neutral Service Delivery Model

The MDC HIV Integrated Prevention and Care Plan includes activities to promote the CDC-recommended HIV Status Neutral Service Delivery Model, where HIV testing serves as an entry point to services regardless of a positive or negative HIV result, to improve HIV prevention and care outcomes.

### Undetectable = Untransmittable ~ U=U

U=U means that a person with HIV who is on treatment and has an undetectable viral load cannot sexually transmit HIV.

The Miami-Dade HIV/AIDS Partnership is among 1,100 supporters from 105 countries who have signed on to share the U=U message.

# Miami-Dade County Response HIV Prevention

## TestMiami.org

The Florida Department of Health, in collaboration with the Centers for Disease Control and Prevention and Fast Track Cities, offers free HIV testing and free condoms throughout Miami-Dade County through the [TestMiami.org](https://www.testmiami.org) campaign.

### PrEP

#### Pre-Exposure Prophylaxis

For persons who test negative for HIV, PrEP offers comprehensive HIV prevention that involves the use of antiretroviral medications to reduce the risk of contracting HIV.

**197 persons were linked to a PrEP provider in 2023.**

### PEP

#### Post-Exposure Prophylaxis

For persons potentially exposed to HIV, taking antiretroviral medicines after exposure can prevent contracting HIV.

### TelePrEP

Access PrEP through a mobile device or your computer.

**603 people received TelePrEP services in 2023.**

### PrEP Locator

Locate a PrEP in Miami-Dade County at [www.prelocator.org](https://www.prelocator.org), a national directory of providers of HIV PrEP in the U.S.

*TestMiami.Org*

### Routine Opt-Out Testing

In 2023, the Florida Department of Health collaborated with **87 healthcare facilities** to offer routine opt-out testing, an increase of more than five times the number of facilities offering opt-out testing in 2022.

### Free Condoms from the Florida Department of Health in MDC

#### Community Distribution

- More than **2.3 million** free condoms were distributed in 2023 with the help of a broad variety of community partners, including bars and clubs, colleges and schools, faith-based organizations, and street outreach.

#### Pick Up

- Free male and female condoms are available for pick up throughout Miami-Dade County.
- [www.testmiami.org/map.html](https://www.testmiami.org/map.html)

#### Home Delivery

- Personal Protection Packages of male condoms, lubricants, and educational materials are available for free home delivery in Miami-Dade County.
- [www.testmiami.org/condoms.html](https://www.testmiami.org/condoms.html)

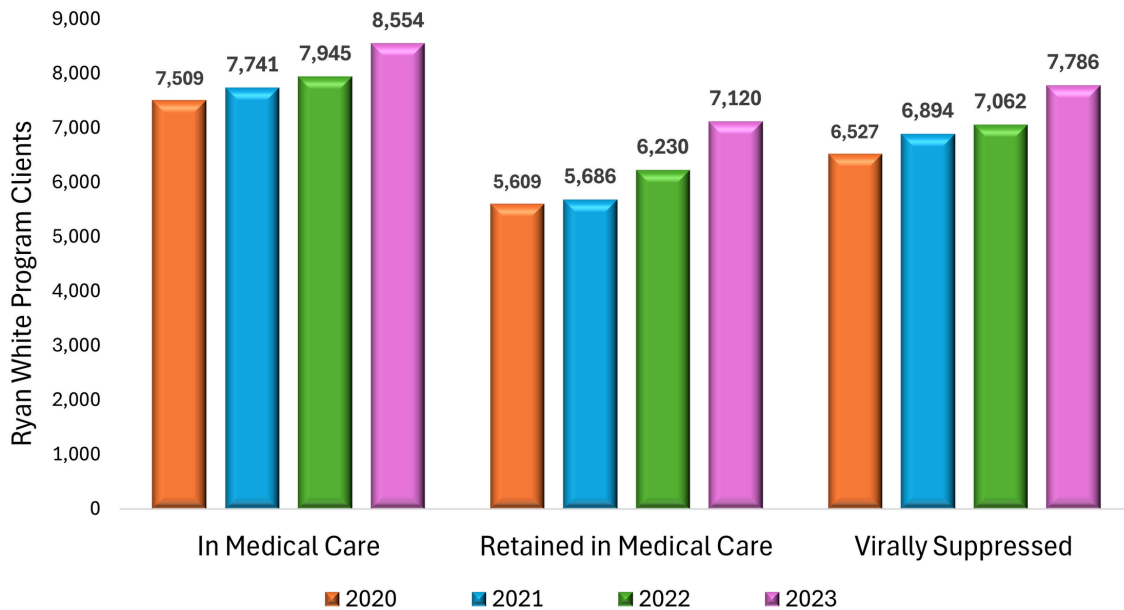

# Successful Outcomes

## Ryan White Program Continuum of Care

Miami-Dade County's Ryan White Program continues to maintain clients in care and keep them virally suppressed.

### Ryan White Program Part A/Minority AIDS Initiative

HIV Care Continuum for Ryan White Program Clients, 2020-2023

#### In Medical Care

**At least one** medical visit, a CD4 test, or viral load test in a 12 month period.

#### Retained in Medical Care

**Two or more** medical visits or viral load tests, at least 90 days apart in a 12 month period.

#### Virally Suppressed

**Less than 200** copies of HIV per milliliter of blood.

### Ryan White Part D Program

#### No Babies Born with HIV

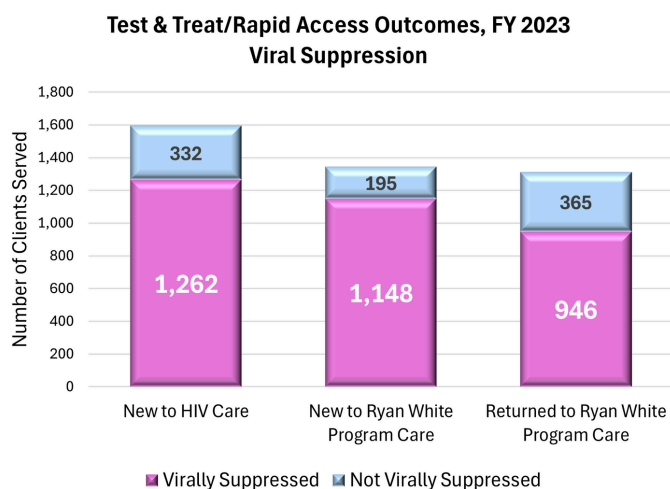

For the fifth year in a row (2019-2023), **no babies were born with HIV** to HIV positive mothers in Miami-Dade County, due in large part to initiatives funded by the Ryan White Program Part D at University of Miami – Miller School of Medicine, Department of OB-GYN and Reproductive Sciences.

# Successful Outcomes

## HIV Test & Treat/Rapid Access

**4,250 people with HIV** have entered the Ryan White Program service system through the Test and Treat/Rapid Access protocol since its inception in July 2018.

The Test & Treat/Rapid Access protocol ensures access to medical care and antiretroviral therapy within 7 days as the standard of care for every person who was newly diagnosed or returning to care with HIV in Miami-Dade County since July 2018.

### New to HIV Care

Newly diagnosed or treatment naïve.

### New to Ryan White Program Care

Previously in treatment but had not received services through the Ryan White Program.

### Returned to Ryan White Program Care

Local Ryan White Program clients who had been lost to care and are now back in care.

## Miami-Dade HIV/AIDS Partnership

Our vision is to eliminate disparities and improve health outcomes for all people living with or at risk for HIV/AIDS.

### Miami-Dade County's Official Ryan White Program Planning Council for HIV Prevention and Care. More than 70 Partnership and Committee Members:

- Set priorities for Ryan White Program HIV health and support services in MDC.
- Ensure Ryan White Program funds are rapidly allocated to the areas of greatest need.
- Recruit and train Partnership members, including Ryan White Program clients.
- Develop and monitor the official HIV Prevention and Care Integrated Plan and Ending the HIV Epidemic initiatives.
- Develop an Annual Report on the State of HIV and the Ryan White Program in MDC.
- Work with the City of Miami Housing Opportunities for Persons with AIDS Program to address housing challenges for people with HIV/AIDS.
- Oversee updates and changes to the Ryan White Prescription Drug Formulary and medical treatment guidelines for the Ryan White Part/MAI Program.

*Through intensive data review, training, and community outreach, Partnership members make decisions that improve health outcomes for more than 9,000 people with HIV in Miami-Dade County.*

# Successful Outcomes

## 2023 HIV Prevention Initiatives

### Gilead Sciences Frontlines of Communities in the United States (FOCUS) and Florida Department of Health in MDC HIV Testing

A collaborative model for routine communicable disease screening that enables partners to develop and share best practices in routine HIV, Hepatitis C, and Hepatitis B screening, diagnosis, and linkage to care.

#### FOCUS Testing, 2023

FOCUS Partner	Total HIV Tests Performed	Total Number of People Who Tested HIV Positive (Number of Acute Cases)
Baptist Health of South Florida/Homestead Hospital	8,279	73
Health Choice Network	87,350	397
Jackson Memorial Hospital	18,871	398 (4)
Jackson North	11,668	249 (2)
Jackson South	15,561	155 (5)
Jackson West	11,266	89 (3)
UHealth Emergency Department	4,230	34 (1)
West Kendall Baptist Hospital	7,784	29 (1)
<b>Total</b>	<b>165,009</b>	<b>1,424 (16)</b>

### Florida Department of Health in MDC Testing

- **53,638** HIV tests were administered in 2023.
- **646** people tested positive for HIV in 2023.

# Everyone has a role in ending the HIV epidemic!

**Support funding for the HIV initiatives of the Ryan White Program, Florida Department of Health in Miami-Dade County, and Housing Opportunities for Persons with AIDS (HOPWA).**

## Get tested for HIV and promote HIV testing in your community!

- Locate an HIV testing site ~ [www.testmiami.org](http://www.testmiami.org)
- Visit [www.aidsnet.org](http://www.aidsnet.org) and learn how to be supportive when someone tells you they are HIV positive ~ [www.aidsnet.org/hivresourcehub/#hivhubtesting](http://www.aidsnet.org/hivresourcehub/#hivhubtesting)

## Remember that language matters!

- Adopt "People First" language such as, "*people* with HIV" or "*people* experiencing homelessness".
- Please don't say, "infected" with HIV, instead, say "acquired HIV," "diagnosed with HIV," or "contracted HIV."
- Please don't use stigmatizing terms such as "dirty", "clean," or "victim".

## Support HIV prevention, care, and treatment initiatives!
